Detailed Action

1. This Office Action is submitted in response to the RCE/Amendment filed 1-5-2010, wherein claims 1 and 4 have been amended. Claims 1-13 are pending.

Examiners Response to Arguments

2. The examiner agrees with the arguments filed 1-5-2010 regarding the newly amended claims and the allowance in the office action mailed 8-17-2009 is hereby withdrawn.

Allowable Subject Matter

3. Claims 1-13 are allowed

Examiner's statement of reasons for allowance

The following is an examiner's statement of reasons for allowance:

4. The prior art discloses an extractor that includes an aperture corresponding to the axis of an emitter for passing electrons from the emitter there-through, and plural sensing regions for correcting misalignment. (See USPN 6,288,401 to Chang). The prior art also discloses the use of a detector located in the region of the specimen for measuring the amount and direction of beam misalignment. (See USPN 5,627,373 to Keese). However, there is no motivation to combine these references.

5. Claims 1, 4, 6, 9, 10 and 12 are allowed because the prior art fails to show an apparatus and method for measuring and calculating the magnitude and direction of beam misalignment using an extractor, where the extractor has a plurality of sensing regions for determining the amount of electrons striking each region.

6. Claims 2, 3, 5, 7, 8, 11 and 13 are allowed by virtue of their dependency upon allowed claims 1, 4, 6, 9, 10 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
